

The new HearLens™ hearing aid fits inside your ear canal.

If you're having trouble hearing but don't want to be seen with a hearing aid, here's good news. The new HearLens sits comfortably, deep in your ear canal where no one will see it. It's so small and advanced, you'll forget you're even wearing it.

The 100% custom, invisible, digital and fully programmable hearing aid:

- Featuring SpeechTrax, the smartest noise reduction and speech preservation system designed to filter out unwanted background noise
- Designed custom for your ear
- Virtually no annoying whistling or buzzing
- Comfortable, deep in the canal aid
- Natural sounding
- Designed to be removed daily to promote better ear health
